We're handling Ripple (XRP)!

To commemorate our handling Ripple (XRP), 10 winners will receive 100,000 JPY!

The number one*¹ virtual currency exchange by Bitcoin trade volume in Japan, bitFlyer, Inc. ("bitFlyer", HQ: Minato-ku, Tokyo), has started handling Ripple (XRP) on our Altcoin Market on Monday, December 2.

Ripple (XRP) is the currency that boasts Japan's second-largest domestic trade volume*² after Bitcoin, and it can be bought and sold on our Altcoin Market through web browsers or through Buy/Sell on the bitFlyer Wallet app (iOS and Android). We are also holding a campaign to commemorate the first new virtual currency handled on our services in almost 2 years.

The graphic features the bitFlyer logo in the top left corner. A dark blue rounded rectangle contains the text "To commemorate our handling Ripple (XRP)". Below this, it states "10 winners will receive 100,000 JPY" in large white font. On the right side, there are two overlapping circles: the top one contains the Ripple logo, and the bottom one contains the XRP logo.
