

We plan to begin handling Chainlink in December 2021

bitFlyer, Inc. (“bitFlyer”, HQ: Minato-ku, Tokyo; President: Kuniyoshi Hayashi), which operates the number one* crypto assets (cryptocurrency) exchange in Japan in terms of Bitcoin trading volume for the last five consecutive years, will be adding Chainlink (LINK) to our Buy/Sell service in December 2021.

As of November 11, 2021, we handle 13 types of crypto assets, and Chainlink (LINK) will be the 14th type of currency.

Details about Chainlink (LINK)

- Currency name: Chainlink
- Ticker symbol: LINK
- Listing date: December 2021 (planned)
- Features: Chainlink is a decentralized service that connects various data in the real world with smart contracts on the Ethereum blockchain. Chainlink aims to create an environment where all smart contracts can use the provided data secured. LINK is a token that is paid as a reward to the node operators of the network that provides this decentralized service.

About bitFlyer, Inc.

Founded in 2014, bitFlyer has launched a global crypto asset trading business along with its sibling entities bitFlyer USA, Inc. and bitFlyer EUROPE S.A. that currently serves over 2.5 million customers. As a crypto assets exchange operator and a Type 1 Financial Instruments Business, bitFlyer hopes to provide a highly liquid crypto assets exchange that can satisfy as many customers as possible by continuing to

expand and improve its services, driven by the mission of “Simplify the world with blockchain.”

Our website: <https://bitflyer.com/en-jp>

* bitFlyer recorded the largest annual trading volume from 2016 to 2020 in Japan (includes spot, net settlement, and futures trading) according to JPBitcoin.com.

[Important Notice]

- If transactions are concentrated after the start of service, the price may become unstable.
- Please note that the schedule of the service might be changed.
- We will inform you by email and SNS etc. when the service is released.
