

bitFlyer Begins Handling New Crypto-Asset "Symbol (XYM)" Campaign Underway to Divide One Million Yen's Worth of Symbol among Eligible Customers

bitFlyer Inc. (Headquarters: Minato-ku, Tokyo; Representative Director: Kuniyoshi Hayashi), which has operated Japan's No. 1¹ crypto-asset exchange (based on Bitcoin transaction volume) for six consecutive years, today began handling Symbol (XYM) at its Altcoin sales office. Symbol (XYM) is the 15th crypto-asset to be handled by bitFlyer.

To commemorate the handling of Symbol (XYM), bitFlyer will conduct a campaign as follows.

■ Campaign title

"Campaign to Divide One Million Yen's Worth of Symbol among Depositors and Purchasers to Commemorate the Start of Handling Symbol!"

<https://bitflyer.com/ja-jp/cam/xym-202203>

■ Campaign overview

To commemorate the handling of Symbol (XYM), one million yen's worth of Symbol will be divided as a reward among all customers who deposit a specified amount of the crypto-asset or purchase any crypto-asset handled by bitFlyer.

■ Campaign period (Japan time)

Thursday, March 24, 2022 – 11:59 pm, Thursday, April 21, 2022

■ Campaign conditions

Any persons fulfilling both of the following conditions during the campaign period will be entered into the campaign automatically.

- Completed entry via the campaign page
- Completed the deposit of Symbol (XYM) or the purchase of any crypto-asset, in the following quantity or greater
 - Deposit: Deposit of at least 500 XYM of Symbol (XYM)
 - Purchase: Purchase of any crypto-assets with value of at least 10,000 yen at the sales office*

* Purchases made through bitFlyer Recurring Buy are also eligible.

* Purchases made with crypto-assets other than Symbol (XYM) are also eligible.

■ Details of reward

All customers who fulfill the above campaign conditions will be rewarded with a divided part of one million yen's worth* of Symbol (XYM).

* The quantity to be rewarded will be determined by sales office bid and ask prices of Symbol (XYM) at the time of the reward.

■ Time of reward

Scheduled for May 2022.*

* Some time may be required for rewards. Your understanding is appreciated.

■ About Symbol (XYM)

Symbol is an open source blockchain platform developed on the basis of XEM. Native tokens distributed over the Symbol network are called XYM. Symbol is an enterprise blockchain specialized for use by companies, government bodies, etc., and features interoperability and various built-in features that can be linked with companies' existing systems and processes. Designed for use without knowledge of coding, it enables ready achievement of ideal products or services through selection of plug-ins that suit specific needs.

【About bitFlyer, Inc.】

bitFlyer was established in 2014 with a mission of “Simplify the world with blockchain.” We’ve maintained the largest Bitcoin trade volume in Japan. We’re also the only virtual currency exchange operator licensed to operate in Japan, the US, and the EU. *2

Our website: <https://bitflyer.com/en-jp>

*1 bitFlyer recorded the largest annual trading volume from 2016 to 2021 in Japan (includes spot, net settlement, and futures trading) according to JPBitcoin.com.

*2 Based on research by bitFlyer as of June 2021.
