

New Crypto Asset Dogecoin (DOGE) is Now Available

bitFlyer, Inc. (Head office: Minato-ku, Tokyo; Representative Director: Yuzo Kano; hereinafter referred to as “bitFlyer”) has listed Dogecoin (DOGE) on bitFlyer Buy/Sell as of Thursday, February 29th, 2024.

bitFlyer will continue to actively increase the number of new crypto assets in its service to provide customers with more investment options and opportunities to participate in web3.

About Dogecoin (DOGE)

- Currency Name: Dogecoin
- Ticker Symbol: DOGE
- Characteristics: Dogecoin is a crypto asset developed in 2013 based on Litecoin technology with a logo featuring a Shiba Inu motif known as the “Doge”, a popular internet meme. Initially, Dogecoin was released without a clear vision or purpose. However, the project community gradually expanded and is using it as a payment method in numerous internet shops, for donations etc.

Together with the new listing we are launching the following campaign.

bitFlyer 10th Anniversary! 5th Trade Campaign - your chance to win the new crypto assets!

Campaign-specific Disclaimer:

This campaign is open to customers residing in Japan.

Please be informed that users are allowed to only have one bitFlyer account. Customers already holding a bitFlyer account cannot create a duplicate account.

To trade crypto assets, you must complete an identity verification procedure. For more information, please visit the page below.

How do I complete my account information? FAQ: <https://bitflyer.com/en-jp/faq/1-19>

The identification procedure includes a screening process that may take some time. Please consider that when you plan to participate in the campaign. Please also understand that depending on the result of the screening process, we may not be able to fulfill your account creation request.

The following customers are not eligible for this campaign

- Customers who have closed their bitFlyer account at the time the prizes are distributed

The right to receive the prize may be voided, and if already delivered, measures such as confiscation of the prize may be taken, if we find out that any one of the following conditions apply.

- Discovery of single person creating multiple accounts
- Inability to send or receive emails to or from the registered contact information
- Discovery of using false information
- bitFlyer deems that the user does not meet the Terms of Use or other requirements or bitFlyer deems that the user is committing an illegal act

Additional raffle will not be performed in the event that a winner is disqualified from the campaign or forfeits the right to receive a prize as described above.

bitFlyer will contact winners individually. Winners will be disqualified if bitFlyer cannot reach them by the specified date or the account is restricted and the prize cannot be allotted.

Please note that we will not respond to any inquiries regarding the results of the campaign.

bitFlyer reserves the right to change, suspend, discontinue, or terminate any or all of the services in this campaign without prior notice. bitFlyer shall not be liable for any damages caused by such change, suspension, discontinuance, or termination.

The personal information entered in the form will be used only for this campaign and will not be used for any other purpose or provided to anyone outside bitFlyer. bitFlyer will manage the collected personal information in accordance with its privacy policy to prevent any information leakage.

Disclaimer (Please read carefully):

- Crypto assets are not a legal tender.
- Crypto assets may be used to settle a payment only in the event that the person receiving the payment agrees.
- Buying/selling crypto assets or exchanging them for other crypto assets are transactions which may result in losses incurred from price fluctuations of crypto assets. It is possible that the price of crypto assets declines due to influences from changes in balance of supply and demand, trends on prices of goods, currencies and other markets, as well as changes in situation related to crypto assets.
- Trading with over-the-counter crypto asset derivatives may cause losses, because their trading price may fluctuate in either way due to influence from changes in balance of supply and demand of over-the-counter crypto asset derivatives on our platform as well as indirect influence from price changes of the crypto assets referred by those over-the-counter crypto asset derivatives.
- Over-the-counter crypto asset derivative trades are trades in which the notional amount, which is the product of the trading price and the open interest volume, can be larger than the amount of the margin deposit. Therefore, the amount of loss incurred may be larger than the amount of margin deposit if the notional amount fluctuates to a greater extent than the amount of margin deposit to your disadvantage due to changes in balance of supply and demand of over-the-counter crypto asset derivatives or price fluctuations of the crypto assets referred by the derivatives.
- The margin deposit size for over-the-counter crypto assets derivatives must be no less than 50% of the notional amount, while the notional amount must be no more than 2 times the margin deposit. (Both for individual customers.) More information can be found on our "[What is Lightning FX?](#)" page.
- When making purchases or sales of crypto assets on Buy/Sell, or exchanging them for other crypto assets, customers bear the spread. The spread is the difference between the purchase and selling prices. The fees incurred when buying or selling crypto assets, exchanging them for other crypto assets or over-the-counter crypto asset derivatives as well as the calculation methods for the corresponding fees can be found on our "[Fees and Taxes](#)" page.
- Over-the-counter crypto asset derivatives are negotiated transactions between you and bitFlyer, Inc. which is the counterparty for you on those derivatives.
- You should thoroughly read and understand all of our documents that require user agreement. Trade at your own risk and judgment.
